RG104 E-1 Box 177

Office of Assistant Treasurer U. S., L

New York City, July 13th, 1892.

Superintendent,

Mint of the United States,

Philadelphia, Pa.

Sir:-

One of the bags of $5,000 of eagles, received from your office in the early part of May, was paid out over the counter and used by a firm which makes its payments for salaries and wages in coin. Something like $250 of this amount has already been returned to the office because pieces were not accepted by dealers, owing to the absence of the usual ring in the metal, indicating that the pieces are cracked. Very little of this gold has thus far been paid out, and since the Mint gold is subjected only to a general examination, the amount being verified by weight and not by tale, these discrepancies were not discovered. Other complaints of this kind may occur, in which case you will be duly advised.

Very respectfully,

E. W. Roberts,

Assistant Treasurer U.S.,N.Y.
